Hi

Below is my letter for your web site, I would prefer to be anonymous

I found myself in a uncomfortable situation with the law. I have never been in trouble with the law, except for a speeding ticket. I reached out to Russell Bryant for advice. After he heard what had happened, he provided me options on how to proceed. Russell knew that I was innocent and he tried several times to have my case dismissed by Gwinnett County, to no avail.

We proceeded to a trial, and Russell did a superb job of representing me, which led to a not guilty verdict. I could not have been more happy with the outcome or job performed by Russell.
