

April 17, 2014

Russell Bryant was my attorney and helped me through my divorce recently. He and his staff were nothing but professional and guided me through this difficult time. Everything was handled very efficiently and timely. When I had a question, he and his legal assistant were quick to respond. He took the time to meet with me in the beginning, which helped expedite the process. Russell is very knowledgeable and understanding. He was sensitive to the nature of my situation, and took the time to really make sure I had what I needed.

I will forever be grateful for all he and his staff did for me. This could have been long process, but he made sure it was done correctly. I have great respect for him and his legal staff.

Thank you again for everything!

Sincerely,

Laura Butcher
