Dear Russell,

I would like to thank you and your law firm for the excellent work on my legal matter. I had a very good feeling about you and felt very comfortable about your representation from the very first meeting. I was very pleased to witness your diligence and hard work as the case progressed. I am also very grateful for the extra effort you put forth on behalf of my case. I believe it made all the difference. You helped give me a resolution that I could not only live with but also be happy about. In addition, you gave me sound advice on how I could help myself and my case on my own time. Thanks for a fantastic job. I would highly recommend your firm to my closest associates.

Thanks very much. Your help and professionalism will not be forgotten.
